

# MONSTER

# MONSTER POWERNET™

The Monster PowerNet™ 200 brings a high speed Ethernet connection to any room in your home. It instantly turns your home's existing electrical wiring into a high speed whole-home network.

Page 3

# MONSTER POWER

Monster PowerCenter products with Clean Power Stage 2 and above feature isolated Clean Power filters. These isolated Clean Power filters are specifically engineered for video, analog audio, digital, and ultra high-current AV components.

Page 4-6

# MONSTER ADVANCED HDMI™

"Only Monster offers a full performance and price range of HDMI. Now consumers have a choice, from basic level HDMI performance at \$39.00, to the highest performance Speed Rated HDMI cables that offer our Cable for Life guarantee."

Page 7-8

# MONSTER Audio And Video Cables

Monster's audio cables increase the clarity, dynamics and power of the audio signals that travel through them. Monster video cables deliver the sharpest, clearest picture possible with naturally vivid color from traditional and digital television, projectors, home theatre and satellite systems.

Page 9-10

# MONSTER Flat Screen

All Monster mounts feature solid, all-metal construction for safety and security. Locking mechanisms reduce the risk of seismic damage and help prevent theft.

Page 11

# MONSTER DIGITAL LIFE™

Monster Digital Life is about connecting all the digital devices we've come to depend on. Everything including your cable TV/Satellite boxes, gaming consoles, Apple TV and Roku can be connected. Monster digital life let's that happen with absolutely no loss, delivering the best picture and sound.

Page 12-14

# MONSTER

Artists and producers work hard in the studio perfecting their sound. But people can't really hear it with normal headphones. Most headphones can't handle the bass, the detail, the dynamics. Bottom line, the music doesn't move you. With Beats, people are going to hear what the artists hear, and listen to the music the way they should: the way I do."

Page 15-17

# MONSTER MOBILE

Monster, the industry leader in high performance audio and video, offers the accessories you need to get a bigger and better entertainment experience from your iPod, iPhone and other portable devices. You can listen to your music through your car audio system.

Improve the performance of your equipment with Monster CI Pro Cables. These video cables feature high-density double shielding, with a UL CL3 rating, these cables are perfect for in-

Page 28-35

# MONSTER CI Connectors

Monster® Custom Installation is a unique line of cables and special equipment developed to meet today's and tomorrow's home-automation and media demands. Monster CI is designed to anticipate tomorrow's needs with "FutureReady" whole-house wiring

Page 36-37

# MONSTER CENTRAL CONTROL SYSTEMS

Monster Central Controllers are re-inventing the remote control category. They combine powerful control and customization features that rival the most costly custom remotes on the market, but in a friendly, one-

Page 37-38

# MONSTER GAME

Whether you have an Xbox 360, Wii, PS3, or other system, to step up your game, you have to hook it up right. Chances are, you play in high-definition, and your system isn't just a console: it's your entire entertainment

Page 40-42

Monster Cable Products, Inc. was founded in 1979 by Noel Lee, who was then a laser-fusion design engineer at Lawrence-Livermore Laboratory, as well as an audiophile and professional drummer. Lee discovered that wires of different constructions produced varying degrees of audio performance when hooked up to loudspeakers. From this discovery, he developed a high performance speaker cable, named it Monster Cable, and literally created an industry. The invention of Monster Cable created a new product category that revolutionized the audio market. Prior to Monster Cable, most stereo systems were wired with ordinary "zip-cord," the same cable used for electrical household and lamp wire. Their inferior construction and cheap materials restricts power, dynamic range and clarity in the lows, mids, and highs.

Lee chose the name "Monster" because it sounded strong and powerful. It became an immediate hit with consumers. In fact, the name Monster Cable is so synonymous with high quality and high performance; customers often assume that any cable they purchase in reputable stores would be Monster even though there are other cable brands.

Monster is now the world's leading manufacturer of high performance cables that connect audio/video components for home, car and professional use as well as computers and computer games. Monster Cable is an indispensable component for music lovers, audiophiles, recording studios, sound professionals, musicians, custom-installers and home theatre enthusiasts. Monster's audio cables increase the clarity, dynamics and power of the audio signals that travel through them. Monster video cables deliver the sharpest, clearest picture possible with naturally vivid color from traditional and digital television, projectors, home theatre and satellite systems. Monster Game products lets enthusiasts enjoy the ultimate gaming experience by maximizing sound and video quality of a gaming system. Monster Power, a division of Monster Cable, delivers cleaner AC power to A/V components and computer products and high joule surge protection for maximum performance.

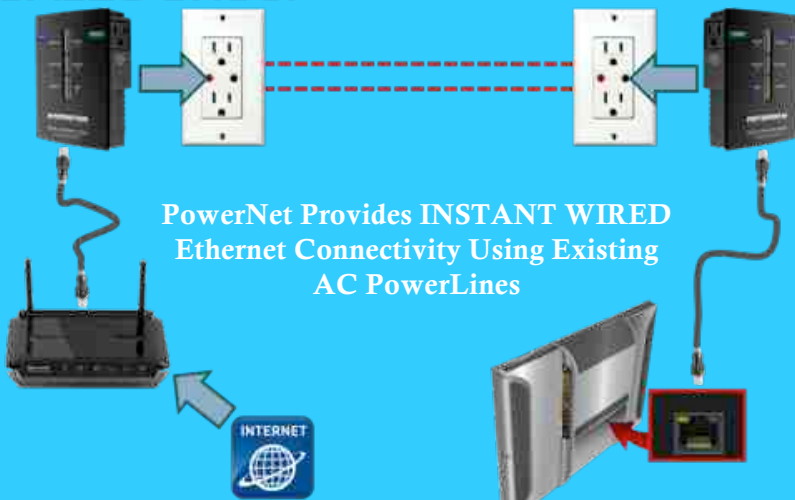

Monster's New Product Development division draws upon years of audio design and critical listening experience, to create the innovative, high performance cables and accessories that make Monster the leader in the industry. Already holding over 200 US and international patents, Monster is continually striving to discover and develop new, advanced technologies and designs to meet the needs of the ever-advancing consumer electronics industry. Monster offers over 4000 products and is sold in over 80 countries worldwide.

Monster is also a leader in the local community and prides itself in the work it does to help those who are in less than fortunate circumstances.

MONSTER POWER

### Monster HD IR 2550

- IR reception and distribution technology relays remote control signals to AV components.
- Monster® HD Clean Power™ Stage 2 circuitry filter dramatically reduces electronic noise.
- T2™ automatic disconnect/reconnect surge protection circuitry.
- Patented Tri-Mode® surge protection automatically disconnects both line and neutral power lines and sounds an alarm.
- 11 surge-protected, color-coded AC

MONSTER POWER

### Monster HDP 2500

- Monster® HD Clean Power™ Stage 2 circuitry filter dramatically reduces electronic noise.
- T2™ automatic disconnect/reconnect surge protection circuitry.
- Patented Tri-Mode® surge protection automatically disconnects both line and neutral power lines and sounds an alarm.
- 11 surge-protected, color-coded AC outlets.
- 2 pair ultra-low loss 2.8 GHz satellite connections.

MONSTER POWER

### Monster HDP 1800

- Monster® HD Clean Power™ Stage 2 v.2.1 circuitry filter dramatically reduces electronic noise.
- T2™ automatic disconnect/reconnect surge protection circuitry.
- Patented Tri-Mode® surge protection automatically disconnects both line and neutral power lines and sounds an alarm.
- 8 surge-protected, color-coded AC outlets.
- 1 pair ultra-low loss 2.8 GHz satellite connection.

### Monster HDP900G

- Monster GreenPower™ stops standby mode energy waste and saves money
- Exclusive Dual Mode Plus™ automatically disconnects and sounds an alarm
- Patented HD Clean Power™ Stage 1 filtering rejects noise and interference
- Surge protected coax, phone, & network connections
- 8 surge protected, color-coded AC power outlets

### Monster HDP850G

- Monster GreenPower™ stops standby mode energy waste and saves money
- Exclusive Dual Mode Plus™ automatically disconnects and sounds an alarm
- Patented HD Clean Power™ Stage 1 filtering rejects noise and interference
- Surge protected coaxial connections
- 8 surge protected, color-coded AC power outlets

### Monster HDP650

- Monster® HD Clean Power™ Stage 1 circuitry filter dramatically reduces electronic noise.
- Advanced Dual Mode Plus™ surge protection automatically disconnects your AV equipment and sounds an alarm.
- 6 ultra-wide spaced, surge protected AC outlets.
- Color-coded outlets are backlit for easy identification with matching cord labels.

### Monster HDP1400G

- Monster Green Power Energy Savings system which includes RF remote control
- Watt meter shows power being consumed
- Monster PowerNet PLC compliant outlets for use in a PowerNet network
- Clean Power Stage 1 HD Filtering for Better Picture and Sound
- Patented T2 Auto disconnect/reconnect circuitry

### Monster HTS350

- Dual Mode Plus surge protection automatically disconnects and sounds an alarm
- HD Clean Power Stage 1 filters electrical noise and interference for better performance
- 2 side-entry outlets for easy installation behind furniture
- 1 pair coax connections for cable, satellite, or antenna lines

### Monster HTFS450

- Monster High Definition Clean Power™ Stage 1 circuitry filter dramatically reduces electronic noise
- Dual Mode Plus® surge protection automatically disconnects AV components
- SurgeGuard™ dissipates harmful power surges with 4320 Joules of protection
- 2 surge-protected, color-coded AC outlets

### Monster HTUPS3700

- Provides battery backup power to protect AV equipment during power outages for up to 5 hours\*
- Monster Countdown timer displays remaining battery backup time in minutes
- Exclusive Tri-Mode® and T2™ power protection against surges and spikes
- Patented Monster HD Clean Power™ Stage 3 filtering for optimum AV performance
- Automatic Voltage Regulation maintains safe voltage range

### Monster HTUPS2700

- Patented HD CleanPower stage 2 for better picture and sound
- T2 automatic disconnect/reconnect surge protection circuitry
- Automatic voltage regulation improves component performance and reduces wear
- Compatible with Power Line Communication home networks
- 680 VA UPS battery back-up maintains power during blackouts up to 1 hour

### Monster HTBX100

- Expands Monster HTUPS 2700 backup capacity up to 4 hours\* (dependent on load)
- Maintains critical home theater setting during long blackouts
- Keep DVR, TiVo®, cable box, satellite receiver, etc. ready to record scheduled shows
- Battery runtime LED bar indicates battery charge level and adds to remaining CountDown™ time on HTUPS 2700
- Battery check LED indicates the battery needs to be replaced

### Monster PRT 400

- 540 joules of protection.
- Monster Fireproof power protection.
- Dual Mode protection technology.
- 3 ft. power cord.
- Durable case for rugged use.
- Safety agency approved.
- Genuine brass used inside.
- \$100,000 connected equipment warranty.

### Monster PRT500

- 540 joules of protection.
- Monster Fireproof power protection.
- Dual Mode Plus protection technology.
- 6 ft. power cord.
- Durable case for rugged use.
- Safety agency approved.
- Genuine brass used inside.
- \$200,000 connected equipment warranty

### Monster AV625

- 7 surge-protected AC outlets
- Dual Mode Plus™ power protection automatically disconnects from dangerous power conditions and sounds and an alarm
- Ceramic-encased MOVs reduce risk of fire caused by power surges
- 1080 Joules of protection
- 1 pair low-loss protected coax connections for cable TV/antenna
- \$300,000 Connected Equipment Warranty

### Monster AV750

- 1440 joules of protection.
- Monster Fireproof power protection.
- Dual Mode Plus protection technology.
- 1 pair high bandwidth coax.
- 1 pair protected RJ11 phone ports with splitter.
- Monster PowerLine 100 6 foot.
- Genuine brass used inside.
- \$400,000 connected equipment warranty

### Monster AV775G

- 7 surge-protected AC outlets
- Monster GreenPower™ automatically switches off outlets to stop standby energy waste
- Dual Mode Plus™ power protection power
- Ceramic-encased MOVs reduce risk of fire caused by power surges
- 2160 Joules of protection
- 1 pair low-loss protected coax connections for
- 1 wide-spaced outlet fits bulky power charger without blocking adjacent outlets

### Monster HT800G

- 8 surge-protected AC outlets
- Monster GreenPower™ automatically switches off outlets to stop standby energy waste
- Clean Power® Stage 1 noise filtration
- Ceramic-encased MOVs reduce risk of fire caused by power surges
- 2160 Joules of protection
- 1 pair low-loss protected coax connections
- 1 pair protected phone connections
- 3 wide-spaced outlets fit bulky power chargers

### Monster HTS300

- Monster Clean Power™ Stage 1 circuitry filter dramatically reduces electronic noise.
- Three side-entry outlets for AC protection
- One pair coaxial connections for cable TV/HDTV protection, one pair phone connections for satellite/DVR/phone protection.
- Dual Mode Plus power protection circuitry with audible alarm and auto disconnect.

### Monster HTS400

- Monster Clean Power™ Stage 1 v2.0 filter to provide noise-free power to your sensitive electronic components.
- \$50,000 connected equipment warranty and lifetime PowerCenter™ product warranty.
- 3 coaxial outlets for CATV, Satellite, and UHF/VHF provide full surge protection and ultra-low insertion loss.
- One phone line for phone or pay-per-view hookup with gas surge arrestor for maximum protection.

### Monster AV800

- Color-coded, labeled outlets and matching cord labels for easy hookup.
- 8 ft. Monster AC power cable with FlatProfile™ right angle plug provides flexibility for installations.
- Eight outlets total, including three spaced for use with AC adapter transformers.
- Maximum conductivity 24k gold contact, grounded right angle plug lets furniture hug walls.

## Monster M2000

- World's fastest cable for HDMI: HyperSpeed-high speed rated at 21 Gbps
- "Cable For Life" performance guarantee
- For those who seek the definitive high definition home theater experience – with current and next generation equipment
- Supports massive 4Kx2K resolution HDTVs, advanced projectors, and digital AV sources
- Reproduces dual 1080p Full HD video streams for advanced 3D movies and games

## Monster M1000

- Ultimate-high speed rated cable delivers digital video and audio at speeds in excess of 17.8 Gbps
- Cable For Life™ performance guarantee
- Transfers dual 1080p Full HD video streams for advanced 3D movies and games
- Reproduces all the colors your camera and camcorder can capture on your HDTV
- Support for Audio Return Channel enables better sound with fewer cables

## Monster M850

- For those who seek excellence in high definition home theater entertainment with current and next generation equipment
- Reproduces dual 1080p Full HD video streams for advanced 3D movies and games
- 24k gold contacts tested to withstand over 10,000 insertions to ensure maximum signal integrity
- Duraflex® protective jacket enables cable to resist extreme temperatures and over 4,000 bends

### Monster HDMI 1000 HD

- Ultimate-high speed rated
- "Cable For Life" performance guarantee
- For those who demand the best in high definition home theater - now and in the future
- Ultimate 1080p Full HD picture & sound from the largest HDTVs, advanced projectors, & digital AV sources
- Delivers up to 7.1 lossless digital surround sound for the ultimate movie, music, and game experience

### Monster HDMI 700 HD

- Corrosion resistant 24k gold contacts
- Gold plated heavy duty metal strain relief and connector shield
- Nitrogen injected gas dielectric for maximum signal strength
- High performance from new generation 1080p HDTVs, DVD players, and HD cable/satellite receivers

### Monster HDMI 500 HD

- High density triple-layer shielding for maximum rejection of RFI and EMI
- Corrosion resistant 24k gold contacts
- For 1080p TVs and legacy 720p/1080i HDTVs, DVD players, cable/satellite receivers
- High definition connection for HDTV buyers on a budget
- Standard speed rated

### Monster Super Thin

- Transfers 1080p HD from PCs, laptops, and camcorders to TVs & computer monitors at High Speed (10.2 Gbps)
- 55% thinner than our comparable High Speed cables,
- Ultra flexible, bends at near right angles for no-hassle hookup in tight spaces
- Connect with confidence: LED indicates HDMI signal status at all times

### Monster HDMI Swivel Adapter

- The Ultimate In Versatility
- Adapt To Any Angle
- 360 Degrees x 180 Degrees of Flexibility

### Monster Blu-Ray 900

- Designed for maximum performance of Blu-ray™ Disc players
- Advanced-high speed data transfer rate of 6.68 Gbps
- For 120Hz displays with 12-Bit color.
- All-in-one digital AV cable for true high definition 1080p picture with Deep Color
- Delivers up to lossless 7.1 surround sound

### Monster Blu-Ray 1200

- Get maximum performance for the ultimate home theater Blu-ray Disc™ experience
- For 240Hz displays with 14-bit color.
- Ultra-high speed HDMI cable with 10.2 Gbps data rate
- Delivers 1080p Full HD picture with Deep Color and lossless 7.1 surround sound
- High-density triple-layer shielding rejects noise and interference

### Monster Flat Screen HDMI

- Cable is Navajo White, with paintable jacket.
- Ultra-slim design
- Specially engineered to complement flatscreen LCD and plasma displays.
- Delivers maximum high-definition video (up to 1080p) and multi-channel audio through a single cable.

### Monster Just Hook It Up

- The best all-in-one HD video and digital audio cable for easy hookup of your HDTV and home theater
- Delivers all-digital high resolution 1080p full HD video .
- Carries 5.1 and 7.1 digital surround sound for thrilling theater experience at home
- Connects your HDTV to DVD players, AV receivers, HD cable boxes, and more

## *Audio Video Cables & Accessories*

 **DIGITAL**  
SALES GROUP

### **Monster M1000 Component Video Cable**

The most advanced M Series® Component Video Cable for serious movie enthusiasts who demand the best from their high-definition home theater. Features high-velocity silver-coated center conductors and ultra high-density quad-layer shielding for maximum high-definition video (up to 1080p) with optimum brightness and color saturation.

### **Monster M850 Component Video Cable**

Premium Silver Video® cable with polished silver-coated center conductors and extra-protection dual-layer shielding for superior 720p/1080i high-definition video reproduction. Certified for performance by the Imaging Science Foundation, M850CV features large-gauge silver-coated conductors maximize frequency response and signal strength for deeply saturated blacks and brilliant natural color.

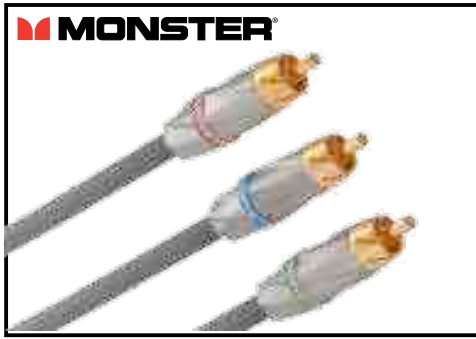

### **Monster M650 Component Video Cable**

Ultra low-loss, high-definition video cable, delivering deep color and clarity at a price any home theater enthusiast can afford. Large-gauge, high-purity center conductors provide extended linear bandwidth out to 500 MHz for truly accurate video reproduction. Plus, a nitrogen gas-injected dielectric maximizes velocity of propagation for maximum signal strength. The result: a truly compelling visual experience from all your HD video sources.

### Monster 700CV Component Video Cable

Ultra-high performance component video cable for stunning 720p/1080i High Definition video with vivid, natural color and lifelike detail. Equipped with advanced Monster® technologies, including 12-cut Turbine® connectors and nitrogen gas-injected dielectric, 700CV delivers rich blacks, razor-sharp definition, and vibrant color.

### Monster 500CV Component Video Cable

Monster® Component Video 500CV's low-loss design optimizes signal transfer and frequency response for superior image clarity and color saturation every time you sit down to enjoy your HDTV or home theater. Heavy-duty shielding enhances rejection of interference, while an advanced gas-injected dielectric maximizes signal strength for optimum picture quality.

### Monster 400CV Component Video Cable

Get a clear, bright picture from DVD players, cable/satellite receivers, and TVs with Component Video 400CV. Constructed with rugged Turbine® connectors, 24k gold contacts and dual-layer shielding for improved interference rejection. Experience stunning detail from 480p, 720p, or 1080i HDTV.

### Monster M Series® High Performance Fiber Optic

When it comes to your home entertainment system, don't cut corners. Use only the highest performance components. The M Series® High Performance Fiber Optic Digital Cable is the digital cable for uncompromising audiophiles.

### Monster M1000 Digital Coaxial

The most advanced M Series® Digital Coaxial Cable for serious movie and music enthusiasts who demand precision surround sound. Features high-velocity silver-coated conductor and premium ultra high-density quad-layer shielding for smooth, natural digital audio with pinpoint imaging, wider soundstage, and greater dynamic range.

### Monster Fiber Optic 600dfo

High-performance digital audio cable for realistic Dolby® Digital or DTS® home theater experience. Superior graded-index fiber and 2-step precision polished terminations minimize signal dispersion and jitter for music and dialogue with exceptional clarity, detail, and dynamics.

### Monster Fiber Optic 400dfo

Precision digital audio cable for clear, natural surround sound and stereo audio from CD/DVD players and cable/satellite receivers. Precision polished fiber terminations minimize internal reflections, and advanced InsuLight™ jacket minimizes digital jitter for accurate high-performance digital sound.

### Monster Digital Coax 600dcx

Featuring advanced Monster technologies, 600DCX protects complex Dolby® Digital and DTS® audio bitstreams from electrical disturbances and interference for more accurate reproduction of dialogue, sound effects, and music. Experience more dynamic surround sound without digital jitter and distortion.

### Monster Digital Coax 400dcx

Digital Coax 400DCX is a high performance digital audio coax cable, delivering clear, natural sound and exceptional value. Solid-core copper center conductor and 24k gold contacts enhance signal integrity for powerful sound effects and crystal-clear dialogue.

### Subwoofer 600sw Ultra High Performance Cable

- Balanced construction for enhanced internal noise rejection & clearer, deeper bass.
- High & low frequency networks provide extended frequency response & improved sonic accuracy.
- Dual solid-core bass conductors specially designed to deliver deep, powerful bass while maintaining maximum clarity.
- Split-Tip™ center pin for maximum contact pressure & ultra-low signal distortion

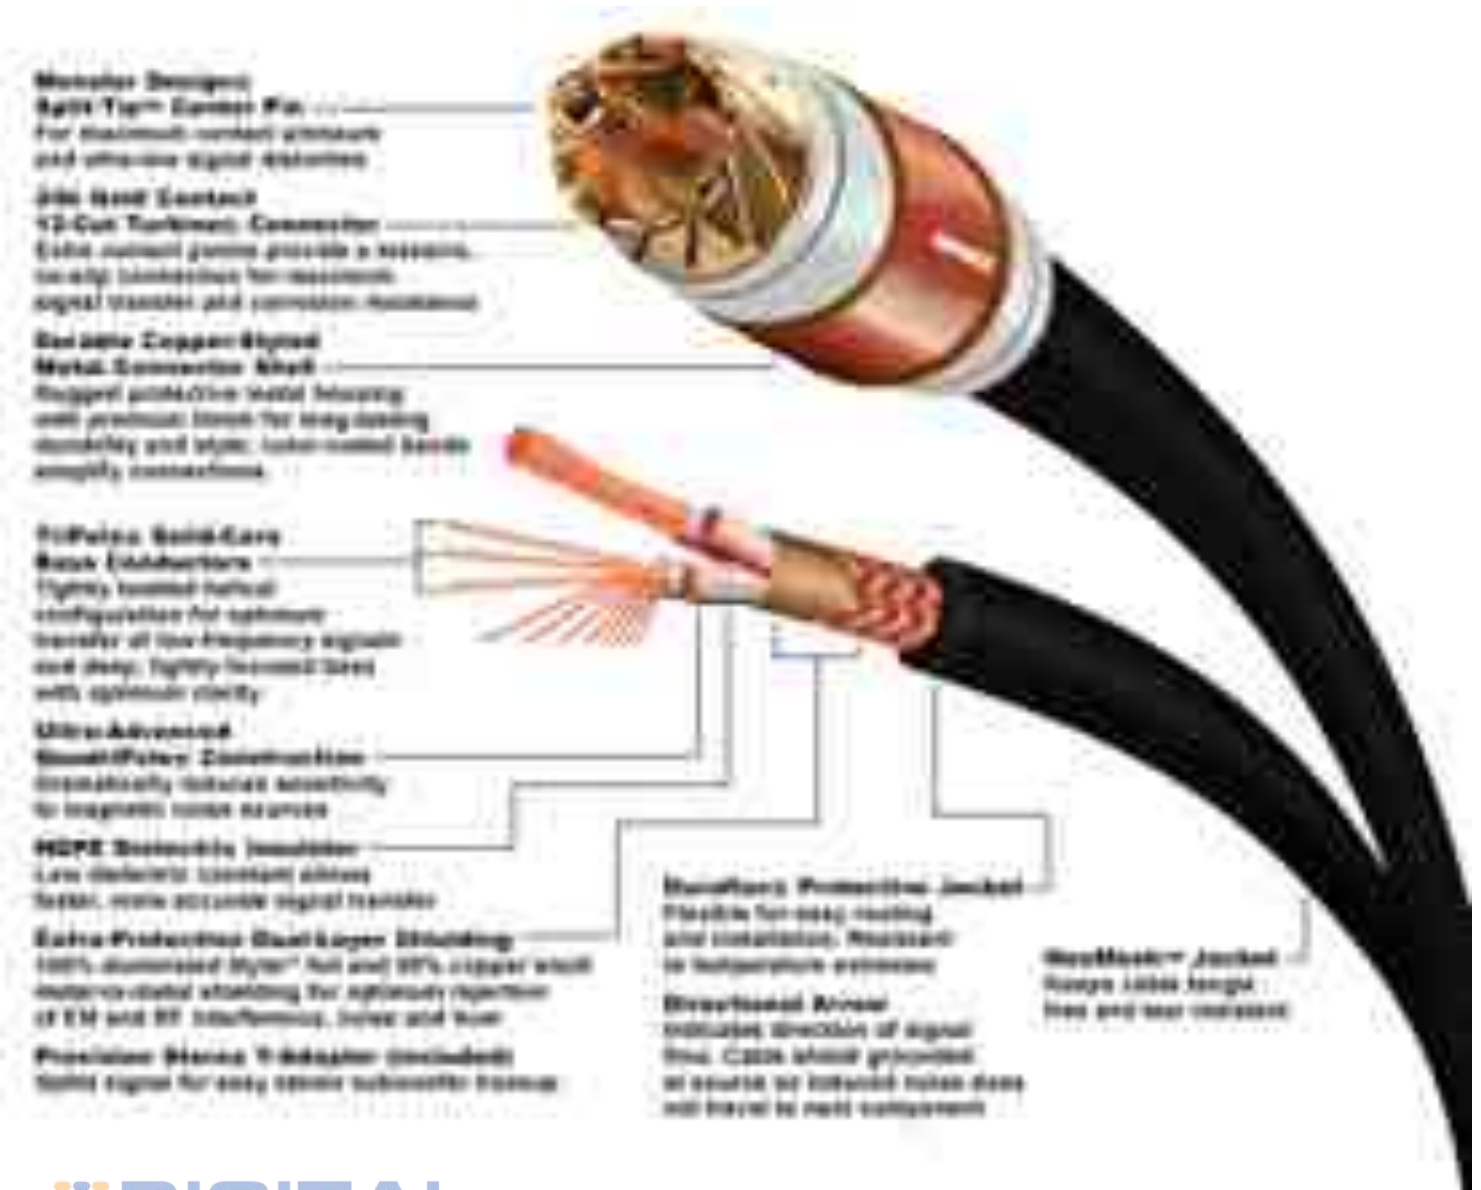

### M1000 High Performance Subwoofer Cable

- Ultimate Subwoofer Cable with Exclusive QuadriPole® Construction and TriPole™ Solid Core Bass Conductors
- 12-Cut Turbine connector.
  - Y-adapter included.
  - Dual shield.
  - Triple solid core bass conductors.
  - Quadra-pole construction

### M850 High Performance Subwoofer Cable

Premium subwoofer cable for serious movie and music enthusiasts who demand the best from their home theater music system. Features exclusive TriPole™ construction and high-density triple-layer shielding for optimum bass clarity and superior rejection of noise and hum.

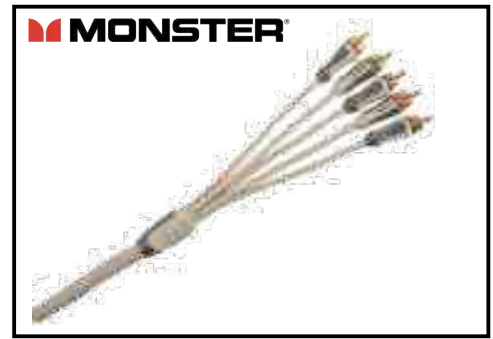

### Monster® FlatScreen High Definition Performance Pack

- Everything you need for a sharp, bright FlatScreen HDTV picture in any room
- FlatScreen HDMI Digital AV Cable delivers high definition video and multi-channel audio
- FlatScreen PowerProtect 200 protects your TV from harmful surges and spikes
- FlatScreen Cleaning Kit removes dust, dirt and fingerprints for a clearer, brighter picture

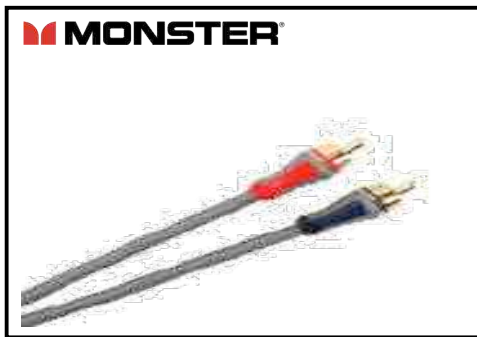

### Monster® FlatScreen Clean Pack

- All-in-one flatscreen kit includes Monster Cleanview™ Cable Manager, Flatscreen PowerCenter™ 300, and ScreenClean™ TV Flatscreen Cleaning Kit
- Cleanview Cable Manager completely conceals cords and cables
- Eliminates need for costly in-wall wiring
- ScreenClean safely cleans displays without streaking or harming delicate screen coatings

### Monster® FlatScreen Component Video and Stereo

- Delivers superior HDTV picture (up to 1080i) and full stereo sound in one cable.
- Ultra-slim design for easy cabling routing in tight spaces.
  - Mini Stubby™ connector for low-profile, no-hassle hookup.
  - Cable is Navajo White, with paintable jacket.

### Monster® FlatScreen Stereo Audio Cable

- Specially engineered to complement flatscreen LCD and plasma displays.
- Ultra-slim design for easy cable routing in tight spaces.
  - Mini Stubby™ connector for low-profile, no-hassle hookup.
  - Dual-layer shielding for maximum rejection of interference..

### Monster® Flatscreen On-Wall Cable Management System

- Cutable, paintable cable management strip for hiding all your cables.
- Attaches to walls with safe, non-permanent adhesive, or with standard drywall screws.
- Cable management strip features dual hidden channels, for separating power cords and A/V cables.
- Includes: 4x16" tracks and covers, 1x right-angle track and cover, 2x end covers, 20x cable clips, 20x drywall screws.

### Monster® Cable-it™ Cable Management Kit

- Compact cable "wrap" for home theater, home office, home studio and or any room in the home
- Easy to install and can be cut to custom lengths
- Zip up all your cables in 3 easy steps
- Available in 3 sizes for both large and small projects

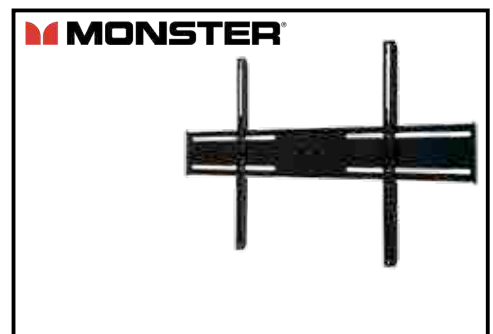

### Monster® FlatScreen Articulating Mount - Up to 46" Screens

- For flat panel TVs 27" to 46" wide  
Maximum weight 100 lbs (45.35kg)  
Tri-Hinge™ Construction for optimum freedom of adjustment up to 24" from wall  
Patented FlexTilt™ Screen Adjustment System changes angle up to 20°  
Wide-angle Swivel Joint for maximum viewing flexibility

### Monster® FlatScreen Tilt Mount - Up to 46" Screens

- Exclusive Monster Flatscreen™ Tilt Mount is a flexible viewing solution for any room in the home  
For flat panel TVs 27" to 46" wide  
Maximum weight 100 lbs (45.35kg)  
Locking Pull  
Patented Tilting V-Bar™ Adjustment System changes angle up to 20°

### Monster® FlatScreen SuperThin™ Flat Mount - Up to 63" Screens

- Exclusive Monster FlatScreen™ SuperThin™ Mount sticks out only .43" (1.09cm) from wall for ultra-low profile installation  
For flat panel TVs 42" to 63" wide  
Maximum weight 200 lbs (45.35kg)  
QuickLift™ Vertical Mounting Hooks for easy, secure installation  
EasyGlide™ Horizontal Adjustment Channels

**Monster® FlatScreen Tilt Mount - Up to 27" Screens**

For flat panel TVs 10" to 27" wide  
 Supports maximum weight 40 lbs (18.14kg)  
 All-directional OmniBall™ pivots in any direction and rotates 360°  
 Solid steel construction for strength and security  
 VESA 75x100 compliant mounting holes/slots

**Monster FlatScreen™**

Advanced formula cleans without dripping, streaking, or staining like ordinary cleaners. Safe, alcohol-free formula is ideal for cleaning LCDs or Plasma TVs.  
 Includes a non-abrasive, reusable MicroFiber cloth that cleans screens without scratching.

**Monster™ ScreenClean™**

Advanced formula cleans without dripping, streaking, or staining like ordinary cleaners. Safe, alcohol-free formula is ideal for cleaning LCDs.  
 Includes a non-abrasive, reusable MicroFiber™ cloth that cleans screens without scratching.

**Ultimate Performance TV**

Powerful cleaning solution removes dust, dirt, and oily fingerprints.  
 Advanced formula cleans without dripping, streaking, or staining like ordinary cleaners.  
 Includes a high-tech reusable MicroFiber cloth that cleans screens without scratching.

## High Performance VGA Monitor Cable

- High-density triple-layer shielding for superior rejection of EM and RF interference.
- Low-loss Nitrogen gas-injected dielectric maximizes signal strength,
- 24k gold contacts maximize signal transfer and corrosion resistance.
- Ultra-flexible, Duraflex® protective jacket for easy routing and installation in tight spaces .

## High Performance DVI Monitor Cable - High Speed

- Advanced High Speed Rated: 12.5+ Gbps
- 24k gold contact connectors maximize signal transfer and corrosion resistance.
- High-density triple-layer shielding for superior rejection of EM and RF interference for more reliable data transfer.
- Low-loss Nitrogen gas-injected dielectric maximizes signal strength

## High Performance DisplayPort Cables High Speed

- Independently verified advanced high speed data transfer rate of 14.8 Gbps
- Supports ultra-high definition resolutions and 120Hz+ monitor refresh rate
- Supports Dolby® and DTS-HD™ 5.1/7.1 uncompressed surround sound
- 24k gold connectors maximize signal transfers and corrosion resistance

### DisplayPort to VGA Adapter

Display Port to VGA Adapter with Advanced Technologies for Enhanced Durability and Optimized Video Signal

- 24K Gold contacts for maximum signal transfer and corrosion resistance
- Compact size for easy laptop bag storage

### DisplayPort to DVI Adapter

Display Port to DVI Adapter with Advanced Technologies for Enhanced Durability and Optimized Video Signal

- 24K Gold contacts for maximum signal transfer and corrosion resistance
- Compact size for easy laptop bag storage

### DisplayPort to HDMI Adapter

Display Port to HDMI Adapter with Advanced Technologies for Enhanced Durability and Optimized Video Signal

- 24K Gold contacts for maximum signal transfer and corrosion resistance
- Compact size for easy laptop bag storage

### Monster® High Performance HDMI Cables

The essential all-in-one digital connection for perfect high definition video to 1080p and beyond and lossless surround sound. Connect your computer to your home theater to enjoy movies, computer games, photos, and more on your HDTV's massive screen

### Monster® High Performance HDMI Cables

All-in-one HD video and surround sound cable. Connect your computer to your home theater with HDMI™ and enjoy movies, computer games, photos, and more on your home theater's massive HD screen

### Monster Camcorder Cables - Mini to Standard HDMI

High speed mini HDMI™ to standard HDMI cable for connecting your HD camcorder to you HDTV, AV receiver or computer.

### Monster SuperThin Mini HDMI

SuperThin Powered Mini HDMI cable that is ultra flexible and 55% thinner than comparable HDMI cables, making it perfect for easy storage in camcorder, camera or laptop bags. An individually calibrated processor in the HDMI connector pushes massive amounts of data through the tiny cable at fast 10.2 Gbps speeds.

### Monster Ethernet Cables - Advanced High Speed

Advanced High Speed Ethernet delivers blazing fast CAT 6 speed up to 10 Gbps, so your home entertainment network will be future ready for even higher definition movies, music, and games.

### Monster High Performance USB Cable

Advanced High Speed USB Cables deliver up to 20% more power and 2.5 times the data bandwidth of other USB cables, even over the longest lengths. Provides all the power necessary for optimal charging and operation..

**Monster USB Extension - High Speed**

Monster® Advanced High Speed USB Xtend delivers up to 2.5 times the data bandwidth and 20% more power compared to other USB cables. With Monster USB Xtend, you'll know your cable will deliver the power and data your devices need, even over the longest USB connections.

**Monster High Performance USB**

High Speed USB delivers bandwidth greater than 1.5 times the highest industry specification, so you can depend on fast, reliable data transfer. Features rugged construction for the durability you need

**Monster High Performance Mini USB**

USB Mini is the universal connection by which almost all your portable electronics connect to your computer and charge. High Speed USB delivers bandwidth greater than 800 Mbps, 1.5 times the highest industry specification.

**Monster® High Performance Micro USB**

USB Micro is the universal connection for almost all of the today's ultra-compact portable electronics. Provides better conductivity for up to 30% faster charging than conventional cables, and allows faster data transfer

**Monster GreenPower™ MDP 900**

The Monster GreenPower™ MDP 900 PowerCenter™ protects your computer and the valuable data stored on it from common power surges and spikes. It also provides a high level of protection for high definition home theater components. Monster Dual Mode Plus™ surge protection automatically disconnects and sounds an alarm to protect your equipment. Monster GreenPower™ automatically shuts down outlets to stop energy waste.

**Monster GreenPower™ MDP 800**

The MDP 800 features PC Clean Power Stage 1 that filters electrical noise and interference for reliable data transfer as well as reduced wear on delicate computer circuitry. The MDP 800 also has surge protected coax, network, and phone connections.

**Monster GreenPower™ MDP 650**

The Monster® Digital PowerCenter™ MDP 650 protects your computer and the valuable data stored on it from common power surges and spikes. Monster GreenPower™ automatically shuts down outlets to stop energy waste and save some money. Monster Dual Mode Plus™ surge protection automatically disconnects and sounds an alarm to protect your equipment.

**Monster Power® Digital PowerCenter™ MDP 700**

The Monster MDP 700 Digital PowerCenter™ features exclusive Dual Mode Plus™ surge protection to protect your computer and the valuable data stored on it from common power surges and spikes. Surge protection is also provided for phone and Ethernet connections, for complete system protection

**Monster Power® Digital PowerCenter™ MDP 600**

The Monster MDP 600 Digital PowerCenter™ features exclusive Dual Mode Plus™ to protect your computer and the valuable data stored on it. When it senses dangerous power conditions, Dual Mode Plus automatically disconnects and sounds an alarm to protect your equipment against even the most powerful surges.

SALES GROUP

### CI Pro S16-2

60-strand 30 gauge count with 1/2 inch twist.  
Available in EZ-Pull Box for easy storage and maneuverability.  
Sequential foot markers to provide exact cable measurement.  
Containing 1000 feet of in-wall speaker cable.

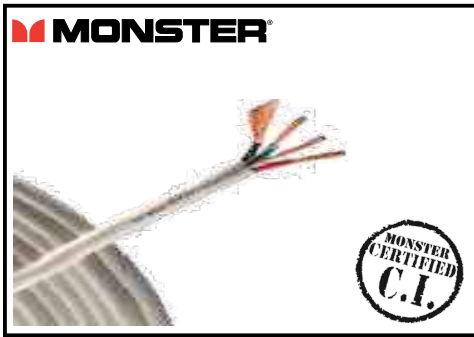

### CI Pro S16-4

60-strand 30 gauge count with 1/2 inch twist.  
Available in EZ-Pull Box for easy storage and maneuverability.  
Sequential foot markers to provide exact cable measurement.  
Containing 500 feet of in-wall speaker cable.

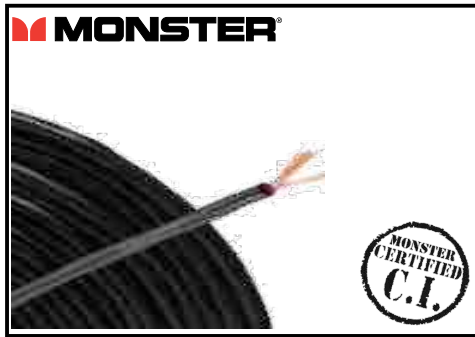

### CI Pro S14-2

40-strand 28 gauge count with 1/2 inch twist.  
Available in EZ-Pull Box for easy storage and maneuverability.  
Sequential foot markers to provide exact cable measurement.  
Containing 500 feet of in-wall speaker cable.

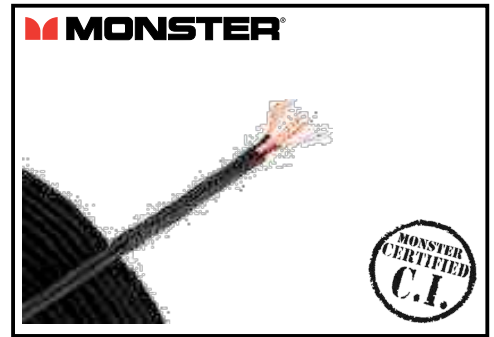

### CI Pro S14-4

40-strand 28 gauge count with 1/2 inch twist. Available in EZ-Pull Box for easy storage and maneuverability. Sequential foot markers to provide exact cable measurement. Containing 500 feet of in-wall speaker cable.

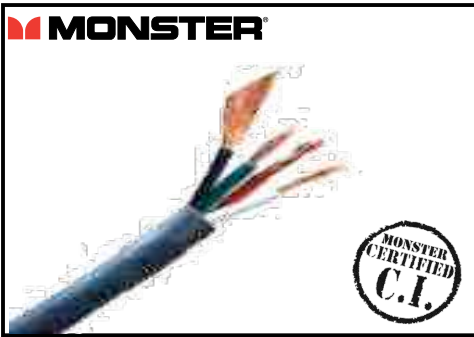

### CI Pro S16-2-Direct burial

60-strand 30 gauge count with 1/2 inch twist. Rated for outdoor installations. Available in EZ-Pull Box for easy storage and maneuverability. Sequential foot markers to provide exact cable measurement. Containing 1000 feet of outdoor speaker cable.

### CI Pro S16-4-Direct burial

60-strand 30 gauge count with 1/2 inch twist. Rated for outdoor installations. Available in EZ-Pull Box for easy storage and maneuverability. Sequential foot markers to provide exact cable measurement. Containing 500 feet of outdoor speaker cable.

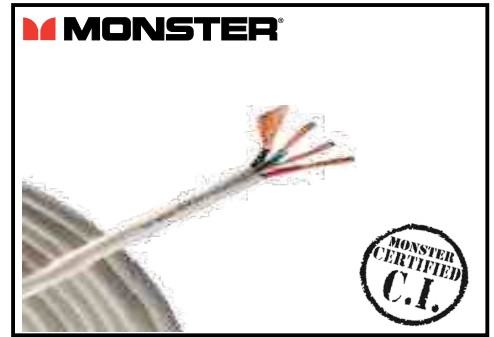

### UL CL3 Rated Four Conductor

Dual Channel Speaker Cable with 3 Conductor IR/Control Wire. 16 gauge speaker cable construction with ultra-fine, high purity copper stranding. Two conductor control wire with twisted construction and foil shield for noise rejection plus drain wire. CL3 rated for in-wall installations. Economical and convenient to run two cable types in one flexible, easy-to-install hybrid cable.

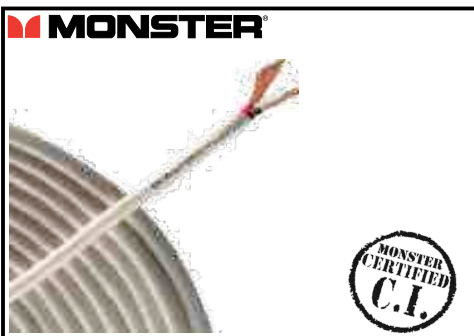

### Monster® CI Contractor Series 16-2

16-gauge, 2-conductor with 65 strand / 34 ga bare copper. Individually colored conductors with white outer jacket. Meets NEC UL CL3 and RoHS Compliant, Available in 1000 ft. wooden spools or 1000 ft. quick-pull boxes.

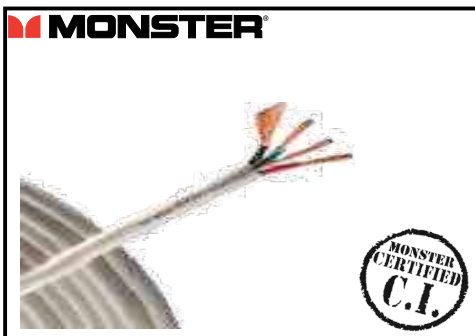

### Monster® CI Contractor Series 16-4

16-gauge, 4-conductor with 65 strand / 34 ga bare copper. Individually colored conductors with white outer jacket. Meets NEC UL CL3 and RoHS Compliant, Available in 1000 ft. wooden spools or 500 ft. quick-pull boxes.

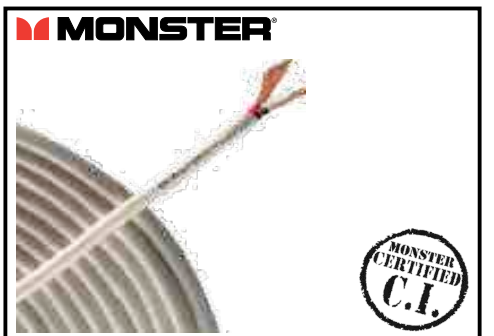

### Monster® CI Contractor Series 14-2

14-gauge, 2-conductor with 65 strand / 34 ga bare copper. conductor design with 41 strand / 30 ga bare copper. Individually colored conductors with white outer jacket. Meets NEC UL CL3, RoHS Compliant, Available in 1000 ft. wooden spools or 500 ft. quick-pull boxes.

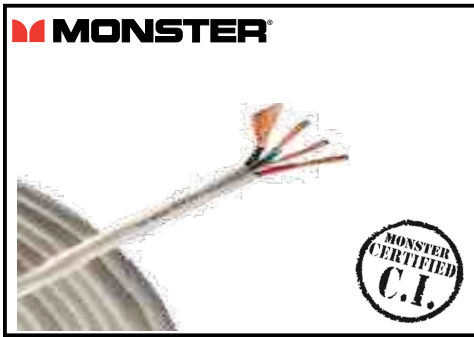

### Monster® CI Contractor Series 14-4

14-gauge, 4-conductor with 65 strand / 34 ga bare copper. conductor design with 41 strand / 30 ga bare copper. Individually colored conductors with white outer jacket. Meets NEC UL CL3, RoHS Compliant, Available in 1000 ft. wooden spools or 500 ft. quick-pull boxes.

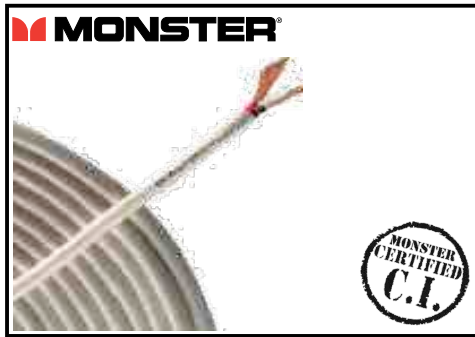

### Monster® CI Contractor Series 16-2 Plenum rated

- 16-gauge, 2-conductor and with 65 strand / 34 ga bare copper.
- Individually colored conductors with gray outer jacket.
- Meets NEC UL CL3P ratings.
- Available on 1000ft wooden spools for minimal scrap waste.

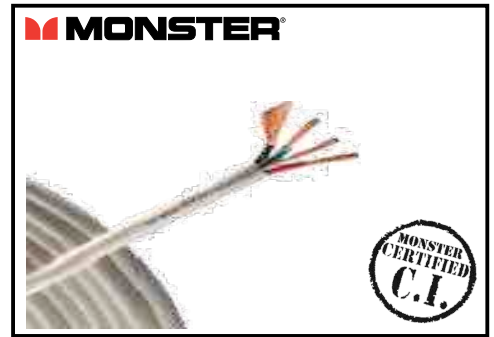

**Monster® CI Contractor Series  
16-4 Plenum rated**

- 16-gauge 4-conductor design with 65 strand / 34 ga bare copper.
- Individually colored conductors with gray outer jacket.
- Meets NEC UL CL3P ratings.
- Available on 1000ft wooden spools for minimal scrap waste.

**Monster® CI Contractor Series  
14-2 Plenum rated**

- 14-gauge, 2-conductor design with 41 strand / 30 ga bare copper.
- Individually colored conductors with gray outer jacket.
- Meets NEC UL CL3P ratings.
- Available on 1000ft wooden spools for minimal scrap waste.

**Monster® CI Contractor Series  
14-4 Plenum rated**

- 14-gauge, 4-conductor design with 41 strand / 30 ga bare copper.
- Individually colored conductors with gray outer jacket.
- Meets NEC UL CL3P ratings.
- Available on 1000ft wooden spools for minimal scrap waste.

**QuickLock™ Gold Banana  
Connectors**

Two piece screw-on design for easy and reliable crimpless and self crimping termination. Nine separate 24k gold plated beryllium-copper leaf spring contacts for maximum signal transfer. 24k gold plated contacts resist corrosion for a lifetime of durability.

**Monster Lock® Master Pin™  
Modular Speaker Cable**

Modular Speaker Cable Termination Post Base 24k gold contact pin for optimum signal transfer. Flexible rubber insulator boot available on self-crimp model. Patented Monster Lock-Notch® Pin fits any standard spring-loaded speaker terminal.

**Monster Lock® Angled Spades  
Modular Speaker Cable**

24k gold contact for optimum signal transfer. Conical surface design for reduced resistance, better signal transfer, and superior sonic performance. Precision-machined flat-surfaced undersides for gas-tight connection.

**Monster Lock® Monster  
Bananas Modular Speaker Cable**

24k gold contact for optimum signal transfer. Conical surface design for reduced resistance, better signal transfer, and superior sonic performance. Precision-machined flat-surfaced undersides for gas-tight connection. Nine separate beryllium-copper leaf spring contact points for maximum signal transfer.

**Monster Lock® Flex Tip™  
Modular Speaker Cable**

Conical surface design for reduced resistance, better signal transfer, and superior sonic performance. Precision-machined flat-surfaced undersides for gas-tight connection. Staggered thread design for ease of attaching terminations at any angle. High purity, oxygen-free 24k gold-plated copper weave braid for optimum flexibility.

**Twist Crimp® Toolless Speaker  
Cable Connectors**

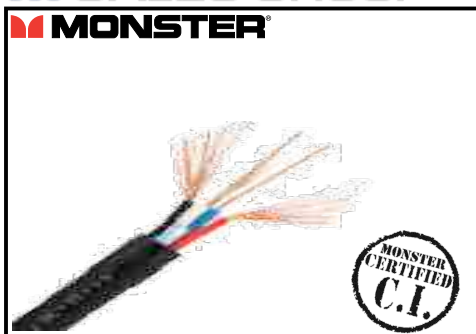

Nine beryllium-copper leaf springs for increased contact pressure. 24k gold contacts for maximum signal transfer and corrosion resistance. Special design allows termination by hand - no crimping tools needed. Flexible OmniFlex® insulators

## CI Data & Telecom Cables

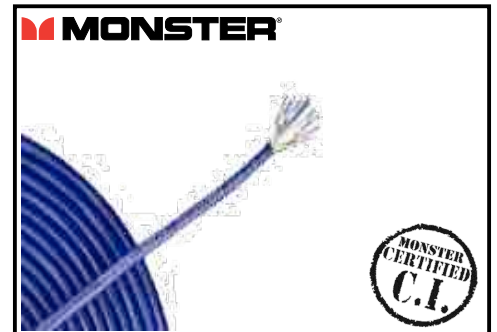

### Monster IR EZ 500 in Colored Jacket

Monster IR/control cable for infrared repeater systems.  
Two conductor design with foil shield and drain wire.  
For use with all infrared repeater systems including Niles®, Xantech®, and Pioneer®.  
Heavy-duty black Duraflex® jacket resists abrasion, increases flexibility.  
CL3 and FT4 rated, UL approved for in-wall use.

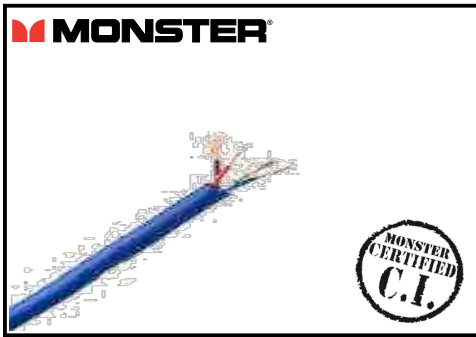

### Monster® Monster® Combined Technology Series MCQuad &

Saves installation time by pulling four cables at once.  
MV-Quad, DS350, DS500 and Fiber combination make every installation FutureReady™.  
Available in MV-Quad Super RG6 and DS350 Cat 5e home networking cable.  
Also available in DS500 Cat 6 high-speed networking cable and dual FutureReady™ Fiber.

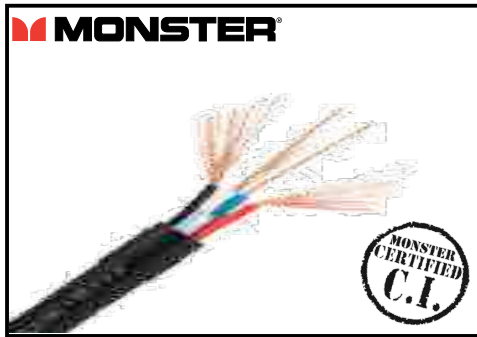

### Monster® Dataspeed™ 500 CL EZ

Cat 6 certified high-speed home networking and control cable.  
Supports data speeds of up to 500 MHz.  
EZ-pull box and jacket save installation time.  
Available in 3 colors: navy blue, royal blue, and yellow.

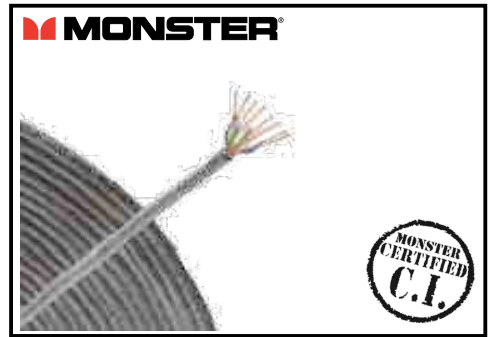

### Monster® Lutron® Grafik Eye® and Keypad

Individually striped, color-coded cables to identify which system each cable supports. Designed to meet stranding, shielding and electrical characteristics. UL CL-3/FT-4 rated for in-wall use with sequential footage markers.

### Monster® Combined series for Use with Crestron® Systems

Individually striped, color-coded cables to identify which system each cable supports. Designed to meet stranding, shielding and electrical characteristics. UL CL-3/FT-4 rated for in-wall use with sequential footage markers. Available in : 18/2 AWG, 22/2 AWG 18/2 AWG, 22/2 AWG, 1 Cat5e 18/2 AWG, 22/2 AWG, 2 Cat5e 18/2 AWG, 22/2 AWG, 4 Cat5e

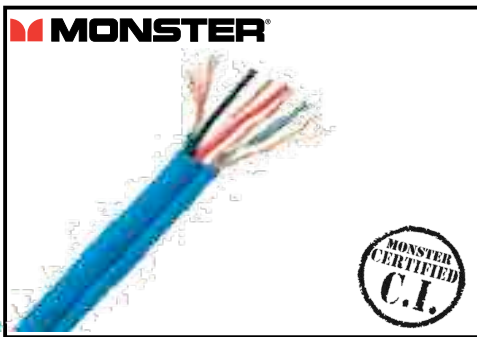

### Monster® DS350 C5 EZ 1000 in Colored Jacket

Advanced XLN® Xtra Low Noise® construction minimizes EMI. Low-friction Duraflex® jacket resists temperature extremes, abrasion and chemicals. Sequentially printed numbers for accurate measurement during installation. Fast data transfer of 350 MHz between computers and/or peripherals..

### Monster AudioDat s16/4DS350

Future Proof Every Volume Location In Every Installation. Features Monster S16/4 High Performance Speaker Cable. Deliver High Speed Data and Control via Monster DS350 Cat 5e.

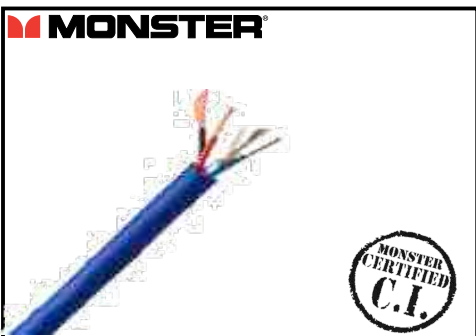

### Monster CI Pro 16-4/CAT5E Bulk Cable

CI Pro 16-gauge, 4-conductor speaker cable bonded to a single CAT5 cable. EZ-Spool Box allows for trouble-free spooling and easier installations. UL CL-3/FT-4 rated jacket for in-wall use with sequential footage markers.

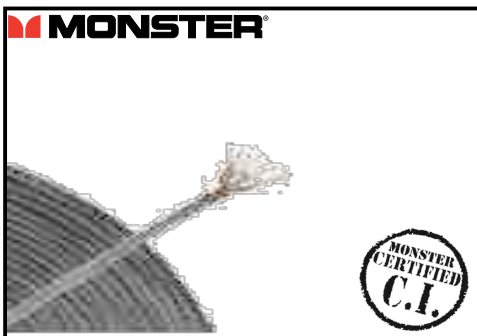

### Monster® Lutron® Grafik Eye® and Keypad Cable

Individually striped, color-coded cables to identify which system each cable supports. Designed to meet stranding, shielding and electrical characteristics. UL CL-3/FT-4 rated for in-wall use with sequential footage markers.

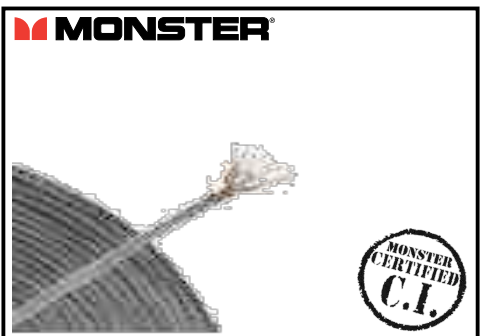

### Monster Lutron® Dimmer and Switch UL600V Tray Cable

Optimized for use with both dimmer and switch applications. Two conductor shielded design. Heavy-duty Duraflex® jacket resists abrasion and increases flexibility. CL3 and FT4 rated, UL approved for in-wall use.

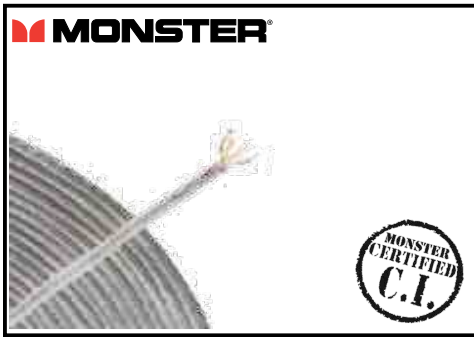

### Monster CI PRO CAT5E Telecom/Data Cable

High Performance, Color-Coded, CAT5 Telecom/Data with CM Rating for Custom In-Wall Installation. Advanced XLN® Xtra Low Noise® construction minimizes EMI, Low-friction Duraflex® jacket resists temperature extremes, abrasion and chemicals. Fast data transfer of 350 Mhz between computers and/or peripherals. Available in Multiple colors

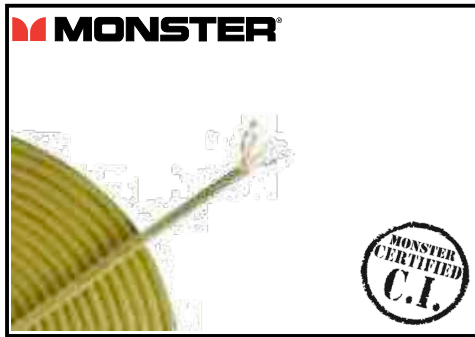

### Monster® CAT5 Telecom/Data Cable in EZ-Pull Box™

CAT5 Telecom/Data with CM Rating for Custom In-Wall Installation. Advanced XLN® Xtra Low Noise® construction minimizes EMI, Low-friction Duraflex® jacket resists temperature extremes, abrasion and chemicals.

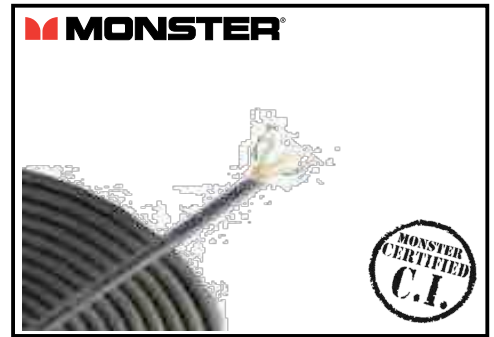

**Monster CI Contractor Series Networking & Data**

UL Verified CAT5e to TIA/EIA 568-B.  
 UL Verified CAT6 to TIA/EIA 568-B,  
 Individually colored conductors with white outer jacket,  
 Meets NEC UL CMR and Canadian cUL FT4 ratings. RoHS Compliant,

## CONTROL SYSTEMS

**DIGITAL**  
SALES GROUP

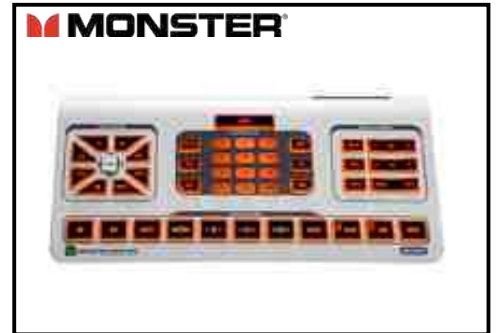

### Monster Central and Lighting Control Revolution 200

- On remote set up and configuration of IlluminEssence Z wave lighting scene.
- On remote set up of IlluminEssence ZWave lighting (up to 242).
- Included Monster EZ Web Set Up Wizard for Q&A set up of activity-based macros.

### Monster<sup>®</sup> Central Control Evolution 55

- 6 AV component, console/tabletop design universal remote with pre-programmed codes.
- Monster patented "Touch Sensing User Interface" transport and direction pad layout.
- Simple controls, keypad, and special function key separately laid out for ease of navigation and use.

### Monster<sup>®</sup> Central Control Evolution 50

- 6 AV component, console/tabletop design universal remote with pre-programmed codes.
- Monster patented "Touch Sensing User Interface" transport and direction pad layout.
- Simple controls, keypad, and special function key separately laid out for ease of navigation and use.

### IlluminEssence™ Remote Controlled Light Station

- On-board memory eliminates need for external lighting control box and dependency on Monster Central Controller.
- Powerful on-board memory stores home lighting scenes and light Identification.
- Handles up to 300 watt incandescent/dimmable halogen loads.

### IlluminEssence™ Remote Controlled In-Wall Light

- "Single Button" press for pairing into the Monster ControlNet™ with MCC AVL50 and MCC AVL300.
- Simple "two wire" plus ground for most older and newer residences.
- "No messy wire" design allows quick and easy insert of existing electrical lines.

### IlluminEssence™ 4 Scene In-Wall Lighting Master

- 600W In-Wall Dimmer w/ 4 Scene Control Monster ControlNet™ with MCC AVL50 and MCC AVL300.
- Simple "two wire" plus ground for most older and newer residences.
- "No messy wire" design allows quick and easy insert of existing electrical lines.

### IlluminEssence™ Remote Controlled In-Wall Switch

- ML IWS1000S is a In-Wall Fluorescent Light Switch System Monster ControlNet™ with MCC AVL50 and MCC AVL300.
- Simple "two wire" plus ground for most older and newer residences.

### IlluminEssence™ Remote Controlled Light Station Switch

- ML LAS1000 is a 1800W Appliance Switch On-board memory eliminates need for external lighting control box and dependency on Monster Central Controller.
- Powerful on-board memory stores home lighting scenes and light Identification.
- Handles up to 1000 watt

**MCC AVL300**  
Home Theater & Lighting Remote

**In-Wall Dimmer**  
Replaces any standard wall switch and adds remote control dimming  
IWD600S

**Plug-In Dimmer**  
Adds remote control dimming to any plug-in lamp  
LD300

# Monster Central Control and IlluminEssence

From the custom integrator to the unassisted retail floor, Monster's expanded line of remote controls offer the dealer a breakthrough opportunity to sell differentiated and revolutionary remotes

to the experienced and entry-level customer alike. The new Monster line will add both Advanced AV and Lighting remotes to our Simple Advanced Remotes, the AV50 and AV55.
